

Dear Rising 6th Grade Students,

Welcome to Math 6! I look forward to getting to know you and working with you during the 2019-2020 school year. While you are enjoying your summer, please take time out to complete one I-Ready lesson each week, from June 3 to July 15, for a total of 6 lessons. (I-Ready is not available after July 15) . This assignment is designed to keep your math skills from deteriorating from lack of use. The more math you do over the summer, the easier it will be transitioning into middle school math once the school year begins. Please let me know if you have any questions or concerns. I look forward to working with you next school year!

Sincerely,

Mrs. Breakey
